ABOUT MYSELF

I bring a technical knowledge of image compositing and my experience managing projects in combination with a creative problem-solving approach to create products and experiences people love to use. I'm a persistence, curious and with special attention to detail person. With a background in film and advertising and experience as a UX designer, I am competent in all aspects of the design process, from research to design.

SKILLS

Sketching, Wireframing, UI Design, Interaction Design, Responsive Design, Rapid Prototyping, User testing, Heuristic Evaluations, Design Research
